WEDNESDAY MORN'G, AUG. 18, 1852 ELECTION MONDAY, NOV. 8. Whig National Nominations FOR PRESIDENT,

CNINGIELD SCOTT, risk of new Jersey?

FOR YICE PRESIDENT, "TO ALL WILLIAM IA. GRAHAM, OF NORTH CAROLINA.

Electors, ELISHA HARRIS, of Covenity. ISAAC P. HAZARD, of Newport.

The witnesses from Providence, in the famous Liquor cases, arrived in town Monday evening, and took lodgings at the Mariborough Hotel keni by Hotel of the kind, although not quite as fashionable, at this season of the year, as the large Hotels on the hill; but it is better suited to the character of there witnesses than any other house in Newport. In going there, they clearly manifested a knowledge of themselves, and exhibited a good deal of shrewdness in selecting so suitable a resting place. We would observe, for the benefit of those who are but familiar with locations here, that this Hotel is an institution which is supported by the State; and is admirably kept by our friend Тадцагі...

We saw the witnesses in Court Tues day morning, and they look to be just to find engaged in such dirty business, -ready for most any kuid of a job where they could carn a few dollars by the operation. They were not indested in any manner, and we are glad of it, for they are, indeed, pitiable specimens of humanity. A motion to dismiss the warrant against them, on technical grounds, who made and argued; the Court will give a decision this morning. The cate against Mr. Copeland will be orgaed this inorning, at the State House. We have no apprehension! of any disturbance, and trust that all who attend the court will be 'orderly and quiet, and deinean themselves as good citizans should: (**)

IF The Hon, John J. Grittenden, Attorney General of the United States, will be received at Fart Admins, this atternoon, at 5 o'clock, with the honors due to his position in our Gorermment, by Major Sherman, the commanding officer of the Fort ; we presume that there will be a large crowd of visitors

QUEER DEVELOPMENTS - Mr. W. E. Itobinson, an active and enterprising Irishman in New York, has been down to Concord, New Hampshire, to examine the records to ascertain the course which Gen. Pierce persued on the cluuse in the Constitution disqualifying Catholies from holding office. He has discovered some stronge things about the New Hampshire Yankees-which go far to prove that they are the greatest

cheats in this country.
It will be recollected, that the day after Pierce was nominated, Mr. Dallas made a speech in Philadelphia and vindicated General Pierce from the charge -which, by the way, had never been made—that he was in favor of the bigoted clause in the New Hampshire Constitution. As the wicked fice when no man pursueth, Mr. Robinson's suspicions were excited by this premature vindication-and he explored all the records,-He finds, that the original clause was inserted in 1701, at the instance of General Pierce's father-that that old gentleman was a furious champion of the alien and sedition laws--and a clergyman having said prayers before the Legislature, without praying for the Presi dent of the United States and Congress as required by law, was on his motion informed they had no farther use for him.

He also discovered, that in the Convention of 1850, General Pierce made n speech on the Catholic clause. Judge Woodbury made such a speech-but Pierce did not open his mouth. By an ingenious' lorgery, Pierce is enddled with the credit of Woodbury's speech-That specch in favor of abolishing the clause is published; then follows a line of asteriels-(these are powerful weatons in the New Hampshire armory witness Mr. Cambell's certificate) -thet comes a speech of General Pierce, which was delivered on a different subjectbut by the juxta-position made to appear in favor of Woodbury's proposition which had been decided long before Pierce spoke.

An Arrais or Honos - An affair honor chine off at the Mission Dolores yesterday, July 14th, between Junes S. Wetheredanid Clinton Winter, in which Mr. Winter was severely, but not dangerously wounded. The parties fought at ten paces distance, with Cole's army pistols. Three shots were fired by each party, when Mr. Winter's pistol failed to revolve, and ere he could discharge his piece the fourth time, he received his adversay's ball through the andonen and fell. The wound is not considered mortal. Mr., Wethered escaned unhart. The difficulty grose from n dispute which occurred on the 5th of July.

In Mariposa county the excitement growing out of the miners' troubles, is very great. Judge Marvio furnishes the following particulars to a San Fran-

olsco papier: A number of foreigners, principally Mexicans, who have been settled for some time at a place called Alaripostta, on the Marinosa, had turned the stream and lound good diggings, possession of which was claimed by a body of Americans, who denied the right of the for-eigners to work them. The latter, to the number of three or four hundred, heuled by a fow Frenchmen, resolved upon defending their claims.

The Americans immediately sent out runners, and some two hundred armed men collected, when the foreigners decined it prudent to retire, leaving their claims and improvements in posit was thought there, would be much blood shed, but the report is that only one shot was fired. . Some 25 or 30 forcigners were arrested but what disposiiion had been made of them we have not heard A scouling party was formed and all loreigners in the country or dered off in twenty-one hours."

About fifty foreign miners that been expelled from Mariposa. Blood will probably flow very soon, unless the ungry elements aubside.

The Fourth July was celebrated with great colat at San Francisco. The city výce in a blaze of glory, fluga, decorations of all sorts, patrioties and gunpowder. An immense procession was formed, an oration pronounced by Elisha Cook, Esq., an Oriental dinner eaten the day closing with universal testivities liquor and fireworks.

Amusements are active and payative in various parts of the country. The great star is Signora Biscaccianti, who was giving concerts in San Francisco with great success. The New Orleans Seconders were also performing at the same place, and the Alleghanians were jat Marysville. The theaters are doing a good business, several new actors having recently arrived from the States

NEWFORT R. I .- Despite the Maine Liquor Law, and the industrious libels of two or three of the leading papers in the country, the season at Newport has been without precedent in brilliancy, gaiety, and general success. . At the last date, the hotels were all full .-The Ocean House has had a large and fashionable party since the commencment of the season, and has given better satisfaction than any previous year This is one of the finest etimmer hotels in the country. Mr. Weaver is an in-delatigable, liberal, and most attentive host, and, assisted by two such thoroughgoing and good ellows as D. F. Hardon and Deacon Omstead, he must be a crooked fellow who could find anything of which to complain in the accommodations or lare. Alr. Weaver will undoubtedly reap a fine harvest this season. JENNY LIND AT THE OPERA:-- A LONdon correspondent of the Inverness Courier, in describing what he saw at the Opera, writes: Of Jenny Lind, too, I had that evening a glimpse. She is a wreck of her former self; I could hardly have recognised her. She looks pale, worn, and haggard, in bad spirits and bad health; and, as she sat, the centre of a hundred opera glasses directed upon her, there was but one wondering and sympathizing muraum throughout the vast building."
